WORLD FINALLY WAKES UP!

THE TRUTH: Effective preventions and treatments like Ivermectin have been suppressed by governments/media beholden to Gates, Schwab and the pharmaceutical industry. Millions of people did not need to die.

No one had to lock down, wear a mask or lose their job.
It's getting increasingly obvious, even to people who went along with the official story, that the official story has been used to cover up and suppress the 'unofficial' story – that successful treatments for Covid exist. And that the rushed-to-market Covid "vaccines" have an appalling safety record and are responsible for more deaths and injuries than any other vaccine on the market.

For the past several centuries the psychopathic "elite" has perfected the techniques of trauma based mind control. Think 9/11 for example.

It's far easier to manipulate people when they're traumatised than when they're not. And they're using it again.

In the last two years we have witnessed the creation of mass psychosis in which the rational mind has been deliberately subverted. Millions of people were paralysed with fear, isolated from each other with lockdowns and herded to the "authorities" for help.

Which was, after all is said and done, the lynch pin of the plan.

Absent control over the minds of the people, there could be no "plandemic", no lockdowns, no mass rush into servile (e.g. mindless) compliance in what is being engineered to create an Orwellian dystopia.

E.g., no more free speech. No independent thought. Total censorship of those who don't go along with the official story. And no more a free press that challenges "authority". Now it's bought and paid for.

And so much for science as we thought we knew it, where objectivity ruled and there was no "consensus" masquerading as absolute unchanging, truth.

Logic itself – a sacred way of getting to the truth – has been ground into dust by those who insist on playing God and trying to go Perfection one better.

Now these white coat minions – none of whom has a conscience – and their "journalist" stenographers – think that it's just fine to genetically engineer millions or even billions of people with a "clot shot" that doesn't work as advertised, and in fact actually disables the immune system itself.

As we go to press hundreds of thousands of people have been injured and killed by the "jab". And way you look at it, it's beginning to look a lot like genocide.

This issue of The Real News focuses on the evidence for what should be outrageous and unbelievable, but isn't. It's not "misinformation". Sadly, it's true.

By the way, do you remember when vaccines used to be removed from the market if a handful of people died from them? Not that long ago.

Those were the days.

The planning has been in the works for many years

1981 JACQUES ATTALI QUOTE FROM L’Avenir de la Vie (The Future Of Life)

"In the future it will be about finding a way to reduce the population. We will start with the old, because as soon as he is over 60-65 years of age, man lives longer than he produces and costs society dearly. Then the weak and then the useless who do nothing for society because there will be more and more of them, and especially finally the stupid ones.

Euthanasia targeting these groups; euthanasia will have to be an essential instrument of our future societies, in all cases. Of course, we cannot execute people or set up camps. We will get rid of it by making them believe it is for their own good. Too large a population, and for the most part unnecessary, is something economically too expensive.

Socially, it is also much better for the human machine to come to a screeching halt rather than gradually deteriorating. We won't be able to give intelligence tests to millions and millions of people, you can imagine!

We will find something or cause it, a pandemic that targets certain people, a real economic crisis or not, a virus that will affect the old or the big, it doesn't matter, the weak will succumb to it, the fearful and the stupid will believe it and ask to be treated.

We will have taken care to have planned the treatment, a treatment that will be the solution. The selection of idiots will thus be done by themselves: they will go to the slaughterhouse on their own."

For those who just want the short story:

Here’s the picture of one drop of New Zealand’s Pfizer COMIRNATY “vaccine” under a cover slip, after it was inadvertently heated lightly, and viewed the same day through dark field microscopy at low magnification, projected onto a TV monitor.

The long story goes like this:

I am a physician in good standing, having a background in mathematics and physics from university, then specialized beyond internal medicine after residency. I’ve had extensive phase contrast microscopy experience.

People who were injured by the Pfizer jab started showing up in my practice. At this time in 2021, I didn’t have a microscope.

Several doctors had come forward in other countries to report strange observations. Dr. Zandre Botha from South Africa showed the uniform strange round circles. La Quinta Columna showed what appeared to be microchips and other formations. Two other doctors talked about parasites and of all things, hydras!

This is not my first rodeo. Having previously experienced how those of us that critically look at the vaccine situation are heavily infiltrated by persons wishing to divert and control the narrative, I thought, “What is real?” and “What is put forth in order to lead questioners to look like fools?”

Because of my previous extensive microscopy experience, learning to use a dark field microscope didn’t take a huge amount of education. I took a 12 week course on live blood analysis using the most sophisticated dark field microscope and camera that my money could buy. It magnifies up to 4000x.

After having a close look at the blood of dozens of vaccine injured people, patients started asking me about certain round and square bright yellow formations in their capillary blood as seen on the screen.

Nothing in the textbooks identified such things, and various people doing similar work, suggested that they might be crystals or some sort of slide or cover slip anomaly. At first, I just told the patients that it wasn’t important – possibly uric acid or something like that.

Then several “empty” vials of Pfizer COMIRNATY vaccine were obtained. I trust the source of the shots 100%. The vials were from recent leftover vaccine after the shots had been given.

On a Friday in December, alone in my office, I took the vials out, thawed, and examined them. I drew up all the contents (just a few drops in each one) from each vial into a 3cc syringe with a 16G needle and put one drop of it on a slide with a cover slip, and another slide with a drop of vaccine mixed with a drop of human blood and put a cover slip on it.

The amount of activity in the liquid and the strange shapes were baffling to say the least.

Squares and circles seemed to connect up to each other consistently. Over an hour or two, the squares and circles seemed to enlarge somehow.

On the same hot day, I had to travel from my office to another office some distance away. The slides were packed up in plastic slide mailers and placed in a cardboard box in the car alongside the microscope. It had been a long week, and the ocean looked enticing, so I parked the car with the windows cracked about two inches, went for a 40-minute walk, then continued my drive.
At my destination, the microscope was set up and I had another look at the slides. I don't scare easily but what I saw next gave me a bit of a chill.

Then an enormous formation appeared right under my nose and I grabbed some pictures. At this point, my software was not matching up well with my Mac computer so the phone video was the only option.

The straight lines and corners were lined with squares, rectangles, and circles

Wanting better graphics, I purchased a gaming PC laptop. The software was then usable and I could take future images from the video program attached to the camera, for better definition.

If this was to be believed by anyone, it had to be repeated and understood better.

In the days that followed I contemplated how the formation happened. Was it a function of time? Of the vibration in the car? Heat? Cell towers along the way? It could have been any of those, so I took some more of the liquid and plated out some more slides, put them in multiple slide carriers, drove them all around the city near cell towers for two hours, and then came back.

I did get some additional interesting images but nothing like the first one.

A few weeks later, I got hold of some more vaccine from the same source. This time there were lot numbers and four vials. I plated them out separately and also mixed some of the old liquid with the new. The new liquid had far more circles than the first lot, and had fewer squares.

**The first attempts gave formations.**

Interesting that on the second day when I came back and relooked, the structures had shifted off their foundations. This may have been from handling the slides but it shows that the formations are “things” and not shadows or dehydration.

After some more attempts, interesting activity and organization occurred, but no dramatic new images were made.

I plated out another batch on the 16th of January. Then I took them out in the car into the city on a hot day and left them in the car with the windows down. It was around 28°C outdoors, and the car got to around 40°C max. When I got home, this image was on the slide with a whole lot more. The experiment was successfully repeated.

It is not for me to make assumptions on what these elements are, but I don’t think this is a normal finding in old style non-SARS-CoV-2 vaccines. The organisation that occurred does not appear to be simply organic, or debris, or artefact, and it is not simply dehydration of the slide.

It is highly self-organised and appears to be part of the design of the liquid.

For so many months I had pondered why this infection was so severe and important, that the vaccine has to be given to every human on the planet several times – even if one has recovered from Covid. This is unprecedented in vaccine history.

**Anyone with a dark field microscope can do this same thing.**

Why aren’t more people looking at the vaccine under a microscope? Why hasn’t the public been informed of the full ingredients of the only FDA approved vaccine for Covid?

The following images are from the slide which had one drop of fresh human blood mixed with one drop of vaccine liquid. When the liquid met up to the blood, the white blood cells were annihilated, and the red blood cells heavily damaged.

While concentrating on getting as good a focus as possible, I didn’t think too much of what I captured. But when I later looked closer, it was obviously an image of some sort of nano-tech chips linked by “cords”. The cords may be made in part from fibrin. But what is certain is that when mixed with human blood, different things than just “vaccine alone”, happen on the slide.

I have nothing else to say. The pictures speak for themselves.

This research should be continued by other laboratories.

Get some high quality German slides and cover slips. Place a drop of vaccine from a used vial or a fresh vial. Observe the activity at lower magnification and also at 1600 to 4000x using dark field microscopy. Get a dry incubator for the fresh slides and set it at different temperatures ranging from 38-42 for at least an hour. Observe again. If nothing interesting occurred, try putting it back in the incubator. Follow up the second day.

Do the same with a drop of blood and a drop of vaccine. Combine different vaccine lots and use one drop of the combined vaccines on each slide. Use PPE and vent the space so you are not breathing the liquid (a laminar flow hood would be ideal) and wear gloves.

Death and Injuries from "Vaccines" in Europe Now in the Millions — Official Figures

The European (EEA and non-EEA countries) database of suspected drug reaction reports is EudraVigilance, verified by the European Medicines Agency (EMA), and they are now reporting 37,927 fatalities, and 3,392,632 injuries following injections of four experimental COVID-19 shots:

- COVID-19 MRNA VACCINE MODERNA (CXM-09414)
- COVID-19 MRNA VACCINE PFIZER-BIONTECH
- COVID-19 VACCINE ASTRazeneca (Chadox1 NCOV-19)
- COVID-19 VACCINE JANSSEN (Ad26.COV2.S)

From the total of injuries recorded, almost half of them (1,611,423) are serious injuries.

"Seriousness provides information on the suspected undesirable effect; it can be classified as 'serious' if it corresponds to a medical occurrence that results in death, is life-threatening, requires inpatient hospitalisation, results in another medically important condition, or prolongation of existing hospitalisation, results in persistent or significant disability or incapacity, or is a congenital anomaly/birth defect."

A Health Impact News subscriber in Europe ran the reports for each of the four COVID-19 shots we are including here. It is a lot of work to tabulate each reaction with injuries and fatalities, since there is no place on the EudraVigilance system we have found that tabulates all the results.

Since we have started publishing this, others from Europe have also calculated the numbers and confirmed the totals.*

Here is the summary data through January 15, 2022.

Total reactions for the mRNA vaccine Tozinameran (code BNT162b2, Comirnaty) from BioNtech/Pfizer: 17,054 deaths and 1,624,526 injuries to 15/01/2022

**UK Covid Vaccine Crime Investigation Underway**

January 17, 2022

• Metropolitan Police Crime Number: 6029679/21
• International Criminal Court (The Hague) case number: OTP-CR-473/21

The world's largest-ever international criminal investigation is now underway, involving Hammersmith Police, The Metropolitan Police, and The International Criminal Court. The UK police accepted the supporting information and agreed there is enough evidence to proceed under the above crime number.

The case was lodged on 20th December 2021 by Sam White MD, Philip Hyland (PJJH Law), Lois Bayliss (Broad Yorkshire Law) and retired policeman Mark Sexton. Requests for further assistance have been made to international lawyer Robert Kennedy Jnr (nephew of J F Kennedy), Dr. Reiner Fuellmich (German corporate lawyer who won the emissions scandal case against Volkswagen Audi), Dr. Michael Yeadon (Former Pfizer Vice President), plus countless other doctors, professors, virologists, biologists, data experts and lawyers nationally and internationally; some of whom have already made direct contact with the police and have been acknowledged by Superintendent Simpson (Assistant to Cressida Dick, Head of The Metropolitan Police).

The complaints allege numerous serious crimes including misfeasance and misconduct in public office; gross negligence manslaughter; corporate manslaughter, murder, conspiracy to murder, genocide and crimes against humanity.

The evidence submitted by Philip Hyland and Dr. Sam White against the UK’s Medicines and Healthcare products Regulatory Agency (MHRA) is damning and shows they did not carry out due diligence surrounding the vaccine data, trials and studies; and that they continued to ignore the death, harm and injury the vaccines cause.

Mark Sexton says: “This is now a live criminal investigation. We were forced to act due to the complacency of the UK Government, despite them being fully aware of the catastrophic death and injury figures to adults and children alike. This is nothing short of genocide; once again it seems that profit over people is the overriding motive. There is a deliberate blanket campaign of misinformation underway. Many don’t even realise that the Covid vaccine is still an experimental product. This is the most far-reaching criminal inquiry ever undertaken. A national scandal that threatens the lives and the livelihoods of every person in the UK. If people want unassailable current evidence, I’d suggest in the interim they look at: https://www.saveusnow.org.uk/covid-vaccine-scientific-proof-lethal/

“In years to come this will be the equivalent of another Thalidomide scandal, but for now we have to act on a united front to get the truth out to the public and stop the unsafe Covid vaccine rollout. We have several thousand pieces of evidence to discredit the safety and efficacy of this vaccine, but we are still encouraging members of the public to contact us to further support our claim. We therefore appeal to anyone who has suffered the death of a loved one following a Covid vaccine and anyone who has been injured by it, e.g. blindness, heart issues, blood clots, stroke, myocarditis etc.”

“We’d also like to hear from those illegally threatened with ‘No jab, no job’. We must act now. If you have information to assist the police inquiry, please contact Lois Bayliss of Broad Yorkshire Law: loisbayliss@broadyorkshirelaw.co.uk

Trudeau Brags:
"Media Lets Government Off-the-Hook Because We Pay Them $600 Million"

Canadian Prime Minister Justin Trudeau is bragging that the media lets government off the hook because government pays them $600 Million!

He went on to say "You don't get stellar headlines like these without greasing the wheels a little bit."

So there you have it: The mass-media is no longer the "fourth estate" to hold government accountable, it's just another special interest with its hand out for free government money.

Now you know why you're being lied to so often and so brazenly. If you still believe the legacy mass media after hearing this, you deserve the deception they peddle.

IS PFIZER THE MOST CORRUPT COMPANY IN THE WORLD?

"The vaccines are designed to kill and depopulate the planet"

By Perspektiv
January 10, 2022

After hearing the witness statements to the German Corona Investigative Committee by former vice president of Pfizer Dr Mike Yeadon who has been a scientist for 36 years, lawyers with Reiner Füllmich draw the same conclusion: The injections normally called Corona vaccines are designed to experiment on the human race and to find out what dosage of a yet unknown toxin is needed in order to kill people. The mortality rate linked to the vaccines, according to Yeadon, is traceable in terms of lot numbers of the different batches, as some batches appear to be more lethal than others. When taking a look at the evidence available, the main goal with the injections all over the world is global depopulation, according to the lawyers involved. Dr Füllmich told Perspektiv that the lawyers preparing an international law suit were no longer in doubt: Poisoning and mass murder through so called Corona vaccines is intentionally being perpetrated on the peoples of the world.

Citizen Journalist Ulf Bittner from EU/EES Healthcare blog and Sverige Granskas stated in the interview that the situation with traceable lot numbers and injuries and death related to lot numbers is similar in the different health care regions of Sweden. Bittner is in contact with a vaccine coordinator who has provided documents to keep track of how many people have been injured and lost their lives related to the different batches of the so-called vaccines. THE VIDEO TIMELINE:

01:00 Different numbers on the barcodes on the bottom of the vaccine doses are placebo which has been given to politicians according to a Slovenian chief nurse. Is it the same in other countries?

1:54 Mike Yeadon and the LOT numbers of some shots of the brands Moderna, Johnson&Johnson and Pfizer/Biontech are related to much higher mortality than for the other manufacturers. (See this link regarding lot numbers: https://www.howbad.info/-Ed.)

3:52 The producers of the so-called vaccines are experimenting with the correct dosages to kill people according to Dr Füllmich. This according to the Corona Investigative Committee, constitute compelling evidence for punitive damages and attempted mass murder. They are intentionally killing people.

08:30 Lawyers from India have filed complaints for premeditative murder.

09:55 Mike Yeadon as a witness for the coming legal action against the perpetrators.

10:44 Everyone who criticises the wrongdoings of the governments of the world is being called a ‘right wing extremist’. This has also happened to the internationally renowned scientist Mike Yeadon.

13:05 The CDC withdrew the recommendation for the PCR-tests diagnosing SARS-CoV-2 from 31/12-2021. PCR- tests are the foundation of the pandemic. Why is Anthony Fauci now doing a 180-degree turn?

17:25 At least a million dollars per person will be claimed in punitive damages if the lawsuit is successful.

18:33 Previously only ten percent of all adverse effects were reported. In the situation the world is right now, the team estimated that in fact only one percent of all adverse effects were being reported.

19:25 CEO of a life insurance company from Indiana USA with 100 billions of dollars in assets said: “Over the span of this past year there has been an excess mortality of 40 percent”. This is believed to be due to the injections.

21:05 What substance in the vials makes them so lethal? Is it graphene oxide/graphene hydroxide?

22:37 It is the dosage which makes the difference. This is not a vaccine, as a vaccine provides immunity, while these products demand incessant injections. Either a vaccine works or it does not.

24:40 This is not gene therapy either, since a gene therapy means exchanging a broken gene with a fixed one. This is more like experimenting on people, and trying to kill us.

25.15 The doses are not tested by governments, while governments will be keeping the contracts hidden from the public for at least 55 years. How is this affecting the possibility of getting people punished? Dr Füllmich goes through all the lies paving the way for the tyrannical situation the world is now in.

28:25 The vaccines are neither safe nor effective. The producers are experimenting on lethal doses of poison. Everyone now taking part in intentional malicious infliction of harm will be punished.

30:05 How sure are legal experts about the conclusion that Mike Yeadon has drawn from this, that it is all about depopulation and intentionally killing people through injections? If
Japan’s ministry of health now states: “Although we encourage potential side-effects. They also linked to a ‘Human Rights Advice’ page that includes instructions for handling any complaints if individuals face vaccine discrimination at work.

32:45 Füllmich is cooperating with people working within the secret service of Germany who do not wish to take the injections.

34:15 Dr. Lee Merritt on combat pilots in the USA refusing to get the shots. According to Dr. Füllmich, Dr. Merritt explained: “They understood that if they were forced to [get vaccinated] they were going to get killed.”

35:15 Information is being collected on batches in Sweden from every region, the Swedish health authorities (Folkhälsoomsynsdigheten) and medical board (Läkemedelsverket). Every batch is traceable through an application. There is economic reward for the Swedish regions which manage to get more people injected. One of the expert lawyers involved in the upcoming court hearings is a specialist on Nuremberg Trials.

38:45 How will the trials be performed, and through what legal structure? A common design, the same structure as for the Nuremberg trials.

39:40 Free choice should reign for members of the European Union. Consumers of health care have consumer rights. Fraud means misleading the people and consumers of health care.

42:00 The so-called vaccines are an adulterated product put on the market. According to Mike Yeadon there is a law in the US that will make everyone liable for the harms created by the adulterated product. Toxins are being put into the vials other than the known lipids etc, which the people who took the vaccines never consented to.

43:40 The importance of decentralization of power and national independence rather than global organizations such as the European Union telling the people what to do. Disconnecting from the banking system, NGO:s and creating independent and strong agricultural supply chains, energy supply chains etc.

46:15 When are the trials going to take place? How will the indictments happen and how will the trials be held? One of the goals is to inform people and expose the wrongdoings by involving the alternative media so that the mainstream media won’t be able to ignore the trials. The crew is working on a new system of law in the USA, Africa and Germany.

50:48 Dr. Füllmich believes the world is close to a tipping point and the whole narrative will fall apart very very soon, maybe in a couple of weeks or months.

54:13 Robert Malone, Robert F Kennedy and Mike Yeadon and others involved in exposing the agenda are in contact with each other, and a tour is planned with these whistleblowers in the USA in March.

Japan Drops All Vaxxine Mandates

Places Myocarditis Warning on Label

By The Remnant News Paper
January 6, 2022

Japan has announced that public and private sectors can not discriminate against those who refuse the experimental mRNA gene therapy injections.

Japan’s ministry of health is taking a sensible, ethical approach to Covid vaccines. They recently labeled the vaccines with a warning about myocarditis and other risks. They also reaffirmed their commitment to adverse event reporting to document potential side-effects.

Japan’s ministry of health now states: “Although we encourage all citizens to receive the COVID-19 vaccination, it is not compulsory or mandatory. Vaccination will be given only with the consent of the person to be vaccinated after the information provided.”

Furthermore, they state: “Please get vaccinated of your own decision, understanding both the effectiveness in preventing infectious diseases and the risk of side effects. No vaccination will be given without consent.”

Finally, “Please do not force anyone in your workplace or those who around you to be vaccinated, and do not discriminate against those who have not been vaccinated.”

They also link to a “Human Rights Advice” page that includes instructions for handling any complaints if individuals face vaccine discrimination at work.

Japan’s policy avoids most of these problems simply placing responsibility for the decision on the individual receiving the intervention, or the parent in the case of a child who is not old enough to consent.

Incidentally, this focus on choice and freedom was somewhat reflected in Japan’s policies throughout the pandemic, which were less stringent that most countries, including those in the U.S.

Sweden Declare Pandemic "Over"

How Medical Ethics Came To Be Ignored

By Guy Hatchard PhD
February 8, 2022

From our unique perspective in New Zealand there is probably no more twisted tale of the pandemic than the transformation of medical ethics. Due to our closed borders, NZ has so few Covid cases (18,000 at the time of writing) and almost no Covid deaths (53), that our pandemic medical history so far has been largely about isolation, vaccination, and testing. The political history of the pandemic has been about control of our borders, the creation of fear, and public assurances of the absolute safety of mRNA vaccines. In contrast, the official count of adverse effects of Pfizer Covid vaccination stands at 50,000 and the death toll proximate to vaccination at 130+. Due to underreporting, both these figures are known to be huge underestimates. The excess all-cause non-Covid deaths during the vaccine rollout has been reliably measured at 2000+. SEE: https://www.bitchute.com/video/dASUoQ92PTbD

Alarming rise in illness following vaccination

Despite this, booster shots are being heavily advertised and mandated in the absence of unequivocal evidence of benefit, and the presence of ample evidence of an increased danger of adverse effects. Nor at any point has there been any serious account of our lack of knowledge of the long term effects of mRNA vaccination. Certainly there is increasing evidence of harm from vaccination. For example, painstakingly collected accurate data from the US military points to massive rises in disease rates in many serious categories of illness including a 3x rise in cancers. There has been a concerted effort to keep this story out of mainstream media. The cover up is almost a bigger story than the actual data. SEE: https://stevekirsch.substack.com/p/this-medical-data-from-the-us-dod

Along with reports of vaccine injury, there has been a steady stream of papers published recently which are beginning to elucidate very worrying mechanisms underlying vaccine injury. Initial expectations were that after stimulating spike protein production sufficiently to induce an immune response, mRNA genetic sequences in the vaccines would dissipate rapidly, and therefore safely. A study published in the journal Cell on 24th January 2022 shows that the mRNA sequences can persist in lymph node germinal centres for weeks causing greater spike havoc than Covid infection itself. SEE: https://www.cell.com/cell/fulltext/S0092-8674(22)00076-9?rss=yes#relatedArticles

The official reports of vaccine adverse effects in NZ are running at 30 times the rate of reported injuries from prior flu vaccines. The fact that this has not rung alarm bells is incomprehensible. The fact that the government has persisted with its saturation advertising announcing the safety and necessity of Covid vaccination is doubly concerning. It is apparent from the failure to investigate alarming data, that the practice of medical ethics has transformed to become almost unrecognisable.

Medical ethics

A common framework used when analysing medical ethics is the “four principles” approach postulated by Tom Beauchamp and James Childress in their textbook Principles of Biomedical Ethics. It recognizes four basic moral principles, which are to be judged and weighed against each other, with attention given to the scope of their application. The four principles are:

Autonomy – the patient has the right to refuse or choose their treatment. This is rooted in society’s respect for individuals’ ability to make informed decisions about personal matters with freedom.

Beneficence – a practitioner should act in the best interest of the patient and their family. In other words, healing is the aim of medicine.

Non-maleficence – to not be the cause of harm. Many consider this should be the primary consideration – that it is more important not to harm your patient, than to do them good, which is part of the Hippocratic oath that doctors take.

Justice – concerns the fair distribution of scarce health resources, and the decision as to who gets what treatment.

In practice, however, many treatments carry some risk of harm. In some circumstances, e.g. in desperate situations where the outcome without treatment will be grave, risky treatments that stand a high chance of harming the patient could be justified. This is because the risk of not treating is also very likely to do harm. So the principle of non-maleficence (non-harm) is not absolute, and balances against the principle of beneficence (doing good). This has particularly affected debates around the promotion to doctors by drug companies of strong narcotics such as Oxycodeone which is highly addictive and whose overdose commonly leads to respiratory failure and death.

Application of medical ethics

It can readily be appreciated that the debate around how to apply medical ethics to medical practice has some grey areas and deficiencies. Medical misadventure is now the third leading cause of death in the USA. Has this led to an acceptance of risk that should in fact be avoided? In large part the rules being applied to drug approval are in fact very strict. Double blind trials are required. Lengthy periods of assessment are mandated. Deaths following treatment are investigated and usually trials are suspended when these occur. Generally for vaccinations, assessment takes around ten years and 2 deaths per million recipients would be the maximum allowed in a finally approved product.

In complete contrast, the pre-approval trial periods for Covid-19 vaccines have been of the order of 6 months. The critical assessments of secondary effects have not been undertaken. These are aimed to check that general health outcomes for trial participants such as cardiac conditions and cancers do not exceed population norms. Note the US military data here. Clearly serious injury and deaths associated with Covid-19 vaccinations have exceeded the traditional limits by a massive margin. Moreover outcomes proximate to vaccination reported through VAERS cover a very wide range of conditions. Have professional medical bodies raised the alarm? No. Why?

Why were principles of medical ethics ignored?

Initially there were reports that Covid-19 was a very serious illness with mortality rates as high as 8% mentioned. The reports of mass deaths and lockdowns in Wuhan added to the perception that we were facing the worst pandemic since the 1918 flu. Figures as high as 180,000 deaths in NZ were predicted. Fearing the worst, draconian lockdowns, border closures, and mass vaccination seemed to be not only justified but absolutely necessary. The Principle of the Double Effect from medical ethics whereby beneficence is weighed against non-maleficence seemed to be almost irrelevant in the looming crisis.

This alarmist assessment rapidly dissipated. Published studies put mortality rates well under 1%, there was a realization that severe Covid outcomes and deaths primarily occurred among those who were already seriously ill or physically weak due to other causes including advanced age – in other words Covid was not the sole cause of deaths. During the early months of 2021, it was also apparent that mRNA vaccines waned in effectiveness rapidly and did little to stop transmission. The only principles of medical ethics that seemed still to be appropriate were those of justice and beneficence. Reports suggested that Covid vaccination reduced the severity of illness; might it not be beneficial to the individual and save our over-stretched health service from becoming overwhelmed by unvaccinated Covid patients, thereby advantaging patients requiring treatment for other conditions? Despite doubts about the outcome data and mounting evidence of vaccination harm, the answer given to this by the NZ government was a big YES. The government pointed to some high overseas patient loads and decided to mandate

It has become a cliché to say that world leaders are appointed, not selected. However, it appears that not only are they appointed, but in fact trained well in advance for their future roles.

Klaus Schwab, president of the World Economic Forum, is also the founder of another organization called Young Global Leaders which selects and trains globalist puppets to be promoted to positions of influence.

mandate Covid vaccines for schoolchildren.

Looking at this in the larger scheme of things, it all makes sense. Corporations, media, and government have been pushing a radical agenda on us from all angles, ranging from the non-stop promotion of mixed-race couples, transsexualism, and homosexuality to climate change and vegetarianism.

It never made sense that corporations would seek to alienate their customer base with offensive and bizarre advertisements and sell products that people don’t want.

Profits have become secondary to this radical social agenda, as the people controlling the corporations control the monetary system itself and are now concerned with gaining power, restructuring society, and micromanaging our lives.

Governments and politicians have no concern for human rights or even the demands of their voters, as demonstrated by the failing Biden administration and Canada’s false opposition PC party. Even Putin, former hero of the Right, is rolling out vaccine passports in Russia.

Human society is controlled by people who hate humanity and seek to corrupt, control, and destroy us. Democracy is a puppet show. What appears to be opposition to evil is in most cases another mouth of the same globalist bird.

This is a feudalist oligarchy. Leaders in business, politics, and media are either members of secret societies such as Freemasonry, the Rosicrucians, and Skull and Bones, or were hand picked and directed by Klaus Schwab. Or both.

If the media weren’t fully controlled, the information in this article would be front page news and the “pandemic” would have been over long ago.

Trudeau’s eyebrow falls off at a press conference. Really.
Welcome to the Orwellian death cult that pushes for vaccine-induced abortions and infertility right out in the open.

The cabal of executives at the Centers for Disease Control and Prevention (CDC) are pushing social media style propaganda for Wuhan coronavirus (COVID-19) jabs with the same old dying slogan, “safe and effective,” which we’ve all witnessed, as proven by science and practice, to be one huge fabricated LIE.

Pregnant women in their first or second trimester who get the Covid jabs have suffered spontaneous abortions, so how could it possibly be “safe” or “effective” – unless effective means effective at killing babies, in and out of the womb.

Watch the (short) videos for yourself and get ready for creepy, script-laden pharma death-cult propaganda. “If you’re thinking of getting pregnant soon, GO get the Covid-19 vaccine RIGHT NOW,” she whispers in a creepy voice.

Then her cohort, a practicing OBGYN, calls it “COVID-19 disease.” Sure. Then it’s onward to the corrupt CDC website for more information on population reduction schemes.

The New England Journal of Medicine published a study showing pregnant women given Covid jabs in their first and second trimesters going into spontaneous abortion shortly after getting the spike proteins injected. Based on the preliminary data reported in this study*, the vaccine-induced abortion rate is not at 4 percent, or 10 percent or 50 percent – it’s at a whopping 82 percent.

Do the women of this world want to play Russian roulette with their baby’s life with four to five bullets in a six chamber gun? Yes, with that murder rate, it won’t matter if you call it an abortion, a “still-birth,” or a “sudden death” (remembering SIDS), because they surely will not call it what it is... vaccine-induced abortion (as published in Pub-Med).

CDC obviously is paying nurses and doctors to read the pharma script, word for word, and carpet bomb social media with short videos. Dial it back to Hitler, again, with little video clips like propaganda film “trailers.” Bill Gates said it best when he declared he could save the world by reducing the population if we do a “really great job with new vaccines, healthcare, reproductive health services...” – and make no mistake, by reproductive health services he meant abortions.

How far have public service announcements come that paid actors for the CDC lie and say that women are safe to get COVID-19 vaccines before, during and after pregnancy, putting millions of pregnant women at risk of blood clots, neurological disorders, myocarditis, extreme allergic reactions, COVID variants, ADE, and the list goes on. So now the CDC uses the old vaccine lie “safe and effective” and some whispering lunatic to con women into getting spike protein injections right before getting pregnant. How does this help?

They’ll tell you the antibodies go right from the mom to the newborn baby, but that would be horrible. Imagine the consequences of having a newborn that is MORE susceptible to catching and dying from COVID variants because he or she got indirectly “vaccinated” with toxic gene therapy “technology.” Don’t believe everything you see that’s promoted by a regulatory agency. Also, avoid “absorbing” advice on your pregnancy from the Big Pharma abortion death cult. That is one highly toxic sponge.

COVID-19 Roadmap

The 12 Step Plan to Create a Totalitarian “New World Order”

1. Create a Problem
   - Take a flu-like illness with very common symptoms, that can be easily treated and a 99.97% recovery rate. Essentially a bad dose of seasonal flu, but like the regular flu can be dangerous to people with weak immune systems or serious underlying health issues. Call it COVID-19.

2. Provoke a Terrified Reaction
   - Use the mainstream media to provoke massive fear. Ensure daily reporting of any death of someone “with” COVID as being a death “from” COVID. Report all “cases” even though most people have no or mild symptoms. Bribe scientists with grants and doctors with bonus payments for supporting testing and vaccinations.

3. Impose Lockdowns
   - Impose national and local lockdowns. Commence the “Great Reset” to transfer wealth and power up to global corporations and the financial elite: (1) Destroy small businesses; (2) Strengthen global corporations; (3) Cause a massive rise in State debt to international financiers; (4) Push cashless payments.

4. Exaggerate “Cases”
   - Use totally unreliable PCR tests to massively exaggerate the number of “cases” or so-called “infections” among healthy people who have no symptoms and cannot spread any infection.

5. Mandate Face Masks
   - Promote fear and to signal public compliance by mandating masks. In reality, cloth masks are totally ineffective against any virus. Prolonged use of masks actually increases health risks due to lack of oxygen, breathing in waste air and fungal infections.

6. Impose Contact Tracing
   - Normalise surveillance. Get people to accept having all of their personal movements and contact with people tracked, recorded and analysed.

7. Impose Health Passport ID systems
   - Introduce “health passport” apps for smartphones as a form of biometric identity card to monitor and control people’s freedom of movement and ability to access education, employment and all types of services. These will become a global digital identity system that will compulsory to go anywhere.

8. Rollout 5G Microwave Networks
   - 5G networks allow constant gathering of huge amounts of personal data from smartphones and all internet connected devices. 5G massively increases the amount of high-frequency microwave radiation that can reduce blood oxygen levels and trigger COVID-like respiratory symptoms. 5G illnesses will be blamed on COVID to justify vaccinations.

9. Mandatory Vaccinations
   - Mandatory vaccination will generate massive profits for Big Pharma corporations who have 100% legal immunity for all injuries and deaths. Vaccines will destroy natural immunity, increase sterility rates and promote global depopulation. New DNA and RNA vaccines will create genetically modified humans biologically engineered for obedience, sterility and easy control.

10. Cashless Economy
    - Cash allows people to shop in privacy. With cash the State does not know what, where or when you buy something. A cashless economy means a total loss of financial privacy as all purchases can be constantly monitored and controlled. Access to digital finance can be withdrawn from anyone who dissents from officially approved purchases, views or behaviour.

11. Compel RFID Microchip Implants
    - Move from Health Passport apps to “more convenient” Radio Frequency Identity (RFID) microchip implants that allow constant 24-7 monitoring of health, movements, contacts and digital payments. With RFID chips, all human privacy will completely cease. Initially, these chips will be voluntary. Once normalised, they will become compulsory.

12. Arrive at the Totalitarian New World Order
    - A depopulated, high-tech totalitarian world with genetically modified humans, weakened natural immunity, micro-chipped, permanently connected to the internet, monitored and controlled 24-7. Human beings will be reduced to the level of “biological machines” living in a totalitarian prison. The real goal of this so-called “Great Reset” is high-tech Fascism / Communism. COVID is merely the excuse.
Life Insurance Company Claims: Death Rate SKYROCKETS 40% for 18-64 Year Olds

By Hal Turner
January 2, 2022

The head of Indianapolis-based insurance company OneAmerica said the death rate is up a stunning 40% from pre-pandemic levels among working-age people.

“We are seeing, right now, the highest death rates we have seen in the history of this business – not just at OneAmerica,” the company’s CEO Scott Davison said during an online news conference this week. “The data is consistent across every player in that business.”

OneAmerica is a $100 billion insurance company that has had its headquarters in Indianapolis since 1877. The company has approximately 2,400 employees and sells life insurance, including group life insurance to employers in the state.

Davison said the increase in deaths represents “huge, huge numbers,” and that’s it’s not elderly people who are dying, but “primarily working-age people 18 to 64” who are the employees of companies that have group life insurance plans through OneAmerica.

“And what we saw just in third quarter, we’re seeing it continue into fourth quarter, is that death rates are up 40% over what they were pre-pandemic,” he said.

“Just to give you an idea of how bad that is, a three-sigma or a one-in-200-year catastrophe would be 10% increase over pre-pandemic,” he said. “So 40% is just unheard of.”

Davison was one of several business leaders who spoke during the virtual news conference on Dec. 30 that was organized by the Indiana Chamber of Commerce.

Most of the claims for deaths being filed are not classified as COVID-19 deaths, Davison said.

Hal Turner Editorial Opinion:

No, they’re not COVID deaths. I think they’re COVID VACCINE deaths! I think the VACCINES are doing exactly what we were told they would do: causing people to grow spike proteins in their own cells.

At the time, we were all led to believe that by causing our own cells to generate spike proteins, it would “teach” our immune system how to respond when it sees spike proteins from the actual Coronavirus that causes COVID-19. That’s what they THOUGHT their new, mRNA gene-therapy technology would do.

But it seems to me that what they thought was very different from what they actually got.

Those spike proteins that begin growing in everyone who took the vaccines, are protruding from human cells all over the body, like tiny little thorns. These spikes can damage the linings of blood vessels causing the release of clotting factors that generate blood clots, both in small capillaries, and large.

The large clots are causing strokes, heart attacks, pulmonary embolisms, and even loss of limbs after circulation is blocked and gangrene sets in. The small clots are making it harder for people’s hearts to pump blood through the lungs because of all the micro-clotting. This puts more strain on the right side of the heart, which then causes people to drop dead from right-side heart failure.

Kids who take these vaccines, see a lot of them developing myocarditis (inflammation of the heart muscle) or pericarditis (inflammation of the sac around the heart muscle). The death rate for kids who get myocarditis is an astonishing fifty percent within five years.

When our immune systems see these little spike proteins coming out of our own cells, our immune system ATTACKS OUR OWN CELLS.

People are having heart attacks because their own immune systems are attacking the heart muscle cells when they have spike proteins coming out of them. The first evidence of this is myocarditis, inflammation of the heart muscle. Of course it’s inflamed; it’s being attacked by our own immune system.

The only thing these kids with myocarditis have in common: They ALL took the COVID vax.

Athletes, some of the healthiest people on earth, are dropping dead from heart attacks. Why? The vax is what they have in common.

Media outlets are simply not reporting that it is the VACCINES that are implicated in all these deaths! Yet this seems to be precisely what is happening.

Shockingly, now the CEO of a major Insurance company is reporting the death rate for working-age people is UP FORTY PERCENT (40%) IN ONE QUARTER! ! !

BOMBSHELL: Pfizer lied about death count in key Covid 'vaccine' clinical trial – fatalities were MUCH higher

By Ethan Huff
November 17, 2021

(Natural News) Back on July 28, 2021 Pfizer and BioNTech published six-month data on a key Covid-19 “vaccine” clinical trial that claimed 15 participants who received the injections died compared to 14 who did not receive it. It turns out that the pharmaceutical duo lied about the numbers, as there were actually 21 deaths associated with the jabs.

Pfizer-BioNTech basically trimmed off 30 percent of the deaths to make it appear as though those who took its injections fared better than those who did not. The reality is that more people died after getting “vaccinated” than died receiving a “placebo”. (The trial used a saline solution as the placebo injection.)

“These were not just Covid deaths,” reported Alex Berenson about this discovery. “In fact, they were mostly not from Covid.”

“Only three of the people in the trial died of Covid-related illnesses – one who received the vaccine, and two who received the saline shot. The other deaths were from other illnesses and diseases, mostly cardiovascular.”

Under normal circumstances, researchers would have dubbed the deaths as having been the result of “all-cause mortality.” But Pfizer-BioNTech hid this information in an appendix to the report because it did not support the narrative that the jabs are “safe and effective.”

“But all-cause mortality is arguably the MOST important measure for any drug or vaccine – especially one meant to be given prophylactically to large numbers of healthy people, as vaccines are,” Berenson notes.

Pfizer lied, and potentially millions will die

Interestingly, the “fresh” data that Pfizer-BioNTech released in late July was actually already four months old at the time it was published. The two companies had apparently stopped collecting data on vaccine-related deaths as of March 13.

Even at that time, though, the figures were troubling. In the initial safety report that Pfizer-BioNTech provided to the U.S. Food and Drug Administration (FDA), which contained data through November 2020, the researchers said that four “placebo” recipients and two “vaccine” recipients died.

One of the jab recipients died after the first dose while the other died after the second. The July update reversed that trend by claiming that between November 2020 and March 2021, 13 jab recipients died compared to just 10 placebo recipients.

“The imbalance was small but notable, considering that regulators worldwide had found that the Pfizer and Moderna mRNA vaccines were linked to heart inflammation in young men.”

At best, Berenson says, the results given by Pfizer-BioNTech prove that the jabs, “now pushed on nearly a billion people worldwide at a cost of tens of billions of dollars and ruinous and worsening civil liberties restrictions” did absolutely nothing “to reduce overall deaths.”

“Worse, Pfizer and BioNTech had vaccinated almost all the placebo recipients in the trial shortly after the Food and Drug Administration okayed the vaccine for emergency use on Dec. 11, 2020,” he added.

As it turns out, many of the committee members at the FDA who green-lighted the Pfizer-BioNTech injections, including the boosters, have direct financial ties to these two companies.

Hidden in the FDA’s “Summary Basis for Regulatory Action” is a tiny footnote explaining that many more vaccinated people died during the Pfizer-BioNTech trials than the two companies let on in their July update. Somehow this did not affect the FDA’s decision to approve the injections.

“Pfizer somehow miscounted – or publicly misreported, or both – the number of deaths in one of the most important clinical trials in the history of medicine,” Berenson warned.

THESE ARE THE OFFICIALLY ADMITTED DEATHS AND INJURIES FROM THE COVID "VACCINES":
DRAW YOUR OWN CONCLUSIONS.
This was easy to fact check, it is legit

I have fact checked this, it is legit. In-flight emergency squawks, (sqawk 7700) have indeed increased by about 124X (12,400 percent) since the vax. Gosh, that matches the previous percentage increase of pilot deaths too. Pretty soon we are going to start having planes with both pilot and co-pilot disabled.

A while ago I posted a list of all the commercial pilot deaths post vax. Pilots are quite healthy so usually the list only has a few per year. However, after the vax there were hundreds on the list for 2021, and now we have THIS from a pilot:

"Something HUGE and really scary is going on with aviation. You can see for yourself. I am a former airline captain, I am out of the industry but I still keep tabs of what is going on. I have an app on my phone, it's a free app that you can download yourself, it is called flightradar24. One of the really cool features of this app is you can have alerts set up so if an aircraft somewhere in the world declares an emergency, in the industry we call it squawking 7700, you can get a notification. I’ve had this app for years and usually you would see one to four emergencies pop up every month. That's how it's always been, aviation is pretty safe, there's not a whole lot of emergencies worldwide on the monthly basis. But over the last couple of months I have been getting notifications sometimes up to 10 times a day. I've already had four this morning! Something huge and scary is going on out there and nobody is talking about it. I am seeing so many aircraft declaring emergencies on a daily basis, and I don't know what is going on. You don't have to believe me, you can download the app for yourself and set up the notifications. A lot of emergencies happening these days, I don't know if I want to fly commercially anymore.

My comment: Posted anonymously but was VERY EASY to confirm. I frequently look at flightradar24, so I suspected this was legit and sure enough, there really are that many planes declaring emergencies. I did not know how many was normal, so I looked for precedent and found it. Normally there really are only a few squawks per month, here is a post from six years ago where a pilot is wondering why there were suddenly 1-4 per week. I wonder what he would think of 10 per day. This is on Aviation.stackexchange. before the shot, a few a week was a lot. WTH is going on???

Pilot Deaths Up 1700% after Vax Mandates

I’m sure this has nothing to do with the #covid19 #vaccine most of them were coerced into taking. Pilot Deaths:

2019: 1
2020: 6
2021: 109 (through September)
326 athlete cardiac arrests, serious issues, 183 dead, after COVID shot

By News Editors at vaccinedeaths.com

(Article republished from GoodScienting.com.)

It is definitely not normal for young athletes to suffer from cardiac arrests or to die while playing their sport, but this year it is happening. All of these heart issues and deaths come shortly after they got a COVID vaccine. While it is possible this can happen to people who did not get a COVID vaccine, the sheer numbers clearly point to the only obvious cause.

The so-called health professionals running the COVID vaccine programs around the world keep repeating that “the COVID vaccine is a normal vaccine and it is safe and effective.”

So in response to their pronouncement, here is a non-exhaustive and continuously growing list of young athletes who had major medical issues in 2021 after receiving one or more COVID vaccines. Initially, many of these were not reported. We know that many people were told not to tell anyone about their adverse reactions and the media was not reporting them. They started happening after the first COVID vaccinations. The mainstream media still are not reporting most, but sports news cannot ignore the fact that soccer players and other stars collapse in the middle of a game due to a heart attack. Many of those die – about 50%.

We really appreciate the athletes named in this list who have confirmed what happened to them so the truth can be known.

Sidelined Athletes with ‘Illness’ Not Included in This Report

Many sports teams now have multiple sidelined players. There are dozens of them. The teams and Big Media are hiding this, thinking nobody will notice. These damaged players will not be shown in this report if they are reported only as “illness” but they would be worth tracking, because it is not normal to have so many. Their immune systems are likely to have been compromised by “something,” so they will be open to many things they would normally have been able to shrug off. We leave it to others to track these – we have our hands full handling the investigations for this list, going back in time trying to find new information that wasn’t available before, and making minor corrections as they are discovered. It will all come out eventually.

The chart at the bottom of this page shows athlete collapses and deaths until 15th December 2021.

Here is a non-exhaustive list of injuries reported. Most were cardiac arrest.

- Cardiac Arrest
- Blood Clots or Thrombosis
- Stroke
- Irregular Heartbeat
- Arrhythmia
- Neuropathy
- Death

This story will grow over time, as new information is added. If you have proof of information that we don’t already have, or if you have a correction, please send it through our contact form, with as much information as possible. Useful information would be the person’s name, age, what happened to them, if they had the COVID vaccine(s), date of death, link to any news story.

For the skeptics who believe this is normal, feel free to repeat the following 18 words, after reading each record or name in this list: “The COVID vaccine is a normal vaccine. The COVID vaccine is safe. These injuries and deaths are normal.”

How the masses were hypnotised into the COVID Cult

By Makia Freeman

THE STORY: Does it sometimes feel to you that you are surrounded by people who’ve been hypnotized? Well, in a very real sense they have been.

THE IMPLICATIONS: Learn the psychology that explains why many have undergone mass hypnosis via an elaborate and cleverly disguised initiation ritual into a cult – the COVID Cult.

The scamdemic is highly akin to a ritual; those under the spell have fallen into delusion, mass hypnosis and initiation into the COVID Cult.

Operation Coronavirus has shown how mass hypnosis can be inculcated into entire populations, around the world. We are now 20 months into “2 weeks to flatten the curve” and there are still many people hopelessly lost in the official narrative. The NWO (New World Order) controllers know that narrative is everything. To control the information and to control the way people interpret that information is the absolute power to control perception. Why do you think Bond villain and WEF head Klaus Schwab just held another WEF (World Economic Forum) event on introducing The Great Narrative? A really effective narrative has a hypnotizing effect. This article will take a deeper look at how the official COVID narrative has been able to induce people into a state of fear, disempowerment, compliancy, obedience and mass hypnosis – and how it continues to do so – in a manner identical to the brain-washing propaganda of a cult.

Still Buying the Official Narrative …

Look around you. Do you see many people, including family, friends and colleagues, who are still buying into the official narrative – even at this stage in the game when there has been so much information to destroy it? Even when Big Pharma have admitted the vaccine was never designed to stop transmission? Even when recent statistics from VAERS (as of November 12th 2021) show 875,653 adverse events following COVID vaccines and 18,461 COVID vaccine deaths? We need to recall that the 2010 Harvard Pilgrim Health Care study concluded that under 1% of vaccine adverse events or side effects are ever reported; going by that, that would mean 87 million COVID vaccine injuries and 1.8 million COVID vaccine deaths in the USA – a nation of 330 million (over 1/4 of the country injured). Mass murder is certainly no exaggeration.

Clinical Psychology Professor Explains Mass Formation

In this interview on The Pandemic Podcast, Mattias Desmet, a professor of clinical psychology at the Belgian University of Ghent, explains the psychological reason why so many still buy into the narrative. He outlines four conditions that need to be present that allow people to fall for an absurd official narrative, become hypnotized and fall into what he calls mass formation. Mass formation (also known as mass psychology, mob psychology or crowd psychology) studies how human behavior is influenced by large groups of people. This brief description gives an overview of it. Gustave Le Bon, Sigmund Freud, Leon Festinger and Philip Zimbardo have all contributed to the understanding of this concept. Essentially, when people become part of a crowd, they deindividuate. There is a tendency for people to give away their personal identity, self-responsibility, self-awareness, guilt, empathy and other individual morality-related attitudes and behaviors. A mob mentality can take over.

Desmet cites the following four conditions as necessary precursors to mass hypnosis:

1. Lack of social bond/connectedness
2. Lack of meaning/sense making
3. Free-floating anxiety and psychological discontent
4. Free-floating frustration and aggression

When you have a society where there is already a lot of general anxiety, and where people are uprooted psychologically and spiritually because they are disconnected from their essence and their purpose (and from other humans too), they are ripe for exploitation. The NWO controllers melded together this free-floating anxiety with the fear of the virus (fear of disease/death). I encourage all readers to familiarize themselves with the NWO blueprint which was revealed in 1969 by Dr. Richard Day. It talks about how the world would be socially engineered so that everything would be chaotic and in a constant state of flux, and people would be encouraged to move away from their hometowns and families, so that people would be more disconnected from each other and feel less grounded.

Desmet describes how such people with these four conditions develop a very small field of attention, both mentally and emotionally, and seem unable to expand it even when faced with the facts. He gives examples from historical totalitarian regimes, saying that usually only around 30% of the population becomes hypnotized. Another 40% is not hypnotized but is cowardly, too afraid to speak up. This is why people must continue to speak out now during the COVID scamdemic. Historically, once the opposition is silenced or destroyed, the dictator becomes even more monstrous, metaphysically devouring his own children (killing his own people/supporters) as Hitler and Stalin both did.

Mass Hypnosis Leads to Mass Psychosis

Mass hypnosis isn’t even the final destination. It can go even further into mass psychosis, where an entire population becomes infected with madness and loses its ability to think clearly and rationally. Sound familiar? This (at source link - Ed) After Skool/Academy of Ideas video does a great job of explaining mass psychosis – an epidemic of madness that occurs when a large portion of society loses touch with reality and descends into delusions. With anxiety already present in large amounts in the population, the foundations were already there to generate a pandemic of compliance – for that is what Operation Coronavirus really is, a pandemic of compliance. With decades or even centuries of relentless propaganda, the general population was a fertile ground for seeds of collectivism and authoritarianism to be sown and grown.

How many people do you know are stuck inside the COVID Cult, trapped in fear, giving away their power and worshipping the official narrative?

The Corona-Initiation Ritual and the COVID Cult

Beyond mass hypnosis and mass psychosis, we can even take this analysis one step further – into the subconscious realms and into the occult. The mass psychosis video touches briefly on how people can more effectively be brought under the heel of totalitarianism by isolation. This is something I highlighted in a
